Completed beginner to intermediate-level creative design training – 2024

Personal Page

My name is Princess Nqobile Mhlongo, a driven and detail-oriented graduate with a Higher Certificate in Mobile Application and Web Development from IIE Varsity College Durban North.

What sets me apart is more than just my qualifications — it's my unwavering commitment to growth, excellence, and impact. I've juggled academic workloads, multiple modules, and peer tutoring, all while maintaining accuracy, composure, and focus under pressure. These experiences have made me adaptable, reliable, and solutions-driven.

I'm passionate about building practical, user-centered solutions. My latest project — a Java-based desktop chat application — demonstrates my technical skills and creativity:

-  GitHub: [ChatAppFinalProgPoE](#)
-  YouTube Demo: [Watch Here](#)

My journey has also included a certified Microsoft x Geekulcha AI course, Canva Design Certification, and growing comfort in tools like React, Kotlin, and web technologies. These complement my technical foundation with strong visual, communicative, and critical thinking abilities.

Guided by faith and values of integrity and resilience, I strive to be a team member who not only delivers results, but brings energy, humility, and heart into every space I enter. I'm ready to contribute meaningfully — and grow with purpose.

Let's grow — together.

— Princess Nqobile Mhlongo
